

## Preliminary Unaudited Combined Carve-Out Financial Information for New Aker Solutions and Akastor

This document contains certain unaudited combined carve-out financial information on the new Aker Solutions and Akastor in connection with the planned demerger of Aker Solutions and the listing of the shares in the new Aker Solutions on the Oslo Stock Exchange.

The unaudited combined carve-out annual financial information shows how the results of the two new companies may have been presented in the hypothetical situation that the demerger had happened at the start of the reporting period, all other things being equal. The combined carve-out annual financial information has been prepared using the same accounting principles as the 2013 Annual Financial Statements for Aker Solutions and the principles for pro forma financial information in section 7 note 1 (Basis for Preparation) of the Information Memorandum in connection with the demerger made public on July 11, 2014. Intercompany transactions and balances between Akastor and the new Aker Solutions were eliminated in the existing Aker Solutions. These transactions and balances have been recognized as if they were with external parties, since they are expected to have continuing impact on the two new companies.

The financial results presented in this document differ from the corresponding financial information presented in the Information Memorandum published on July 11, 2014 and the 2014 second-quarter results published July 17, 2014, as the board of Aker Solutions has since resolved that the Aker Geo business will be part of Akastor instead of the new Aker Solutions as previously contemplated. The figures have also been revised because of continued work to reflect the financial performance of the two new companies as accurately as possible. The Aker Geo business is included in the real estate and other holdings reporting segment in the unaudited combined carve-out financial information for Akastor presented below.

**Note that the financial data included in this document is preliminary, unaudited, carve-out combined financial data and is subject to change; audited financial information on the new Aker Solutions will be provided in the prospectus to be issued by the company in connection with the proposed listing of the shares on the Oslo Stock Exchange. No reliance may or should be placed by any person on the information contained in this document, or on its completeness, accuracy or fairness. The information contained in this document is for background purposes only.**
